INTRODUCTION

The Travis County Reentry Success Guide was created for the benefit of those in need of information regarding resources that may be available to former offenders and their families during the reentry process after incarceration. Not all local services are listed in the guide. We hope that you will use the guide as it was intended – as an information springboard for your success after incarceration.

Providers of basic needs services may have significant waiting periods for services or they may have closed some services to contain costs. Please be patient when calling – these providers are here to help you and many other Travis County residents. Please be aware that there are costs associated with some resources listed in this guide. Planning ahead for your release as far in advance as possible is recommended to ensure that you have an action plan for reentry.

Note: Travis County does not provide information on reentry resources for other Texas Counties. Calling the Statewide Texas 2-1-1 is recommended; See this guide for more information on the Statewide Texas 2-1-1 system for resource information.

The Travis County Reentry Success Guide is updated quarterly. Although every effort is made to ensure the accuracy of the information in the guide, some listings may change between each update. We appreciate and welcome your comments, deletions or updates to the Travis County Reentry Success Guide. Please contact:

2-1-1

2-1-1 Texas, a program of the Texas Health and Human Services Commission, is committed to helping Texas citizens connect with the services they need. Whether by phone or internet, our goal is to present accurate, well-organized and easy-to-find information from over 60,000 state and local health and human services programs.

You can access 2-1-1 using the telephone or internet:

Telephone: Dial 2-1-1

- When you dial **2-1-1**, select a language, and then choose “Option 1” for information on services in your area. Available 24 hours a day, 7 days a week throughout the year. Information is available in more than 90 languages.
- If you are calling from outside of Texas, or have technical difficulties when dialing 2-1-1, please dial our toll free alternate access number at 1-877-541-7905. For TTY access, please dial 1-877-833-4211.

Internet: www.211centraltexas.org

- Be honest and upfront about your criminal background with the **2-1-1** staff. They are trained resource data specialists and can do a much better job for you if they can look at referrals that you qualify for.
- Be prepared with a pen and paper to take notes when you call. Be specific about what you need when you call. Have a list of written questions ready to go - use them as a guide.

RELEASE PLANNING

As you begin planning for your release you first need to take an inventory of issues you may face when you return to the community. All of the areas listed below can interfere with your success in establishing a stable life once you are released. **Use the checklist to help determine which areas may be a problem for you.** When finished, look at the areas and start developing a plan to address them. This will help you decide what you need to do now to assist in your transition to life on the outside. Dealing with these issues before release may also help make them less overwhelming.

Issues to Face Upon Release	This is a possible problem for me.	I can take care of this.	I need help with this.
Chemical Abuse			
Lack of money			
Transportation			
Child Care			
Family Problems			
Housing			
Clothing			
Medical			
Telephone			
Job Skills			
Education			

Be aware that any of these areas may interfere with a successful plan! Don't ignore them. Life planning takes patience and commitment. **TIP:** Did you know that the Texas Department of Criminal Justice (TDCJ) has a new statewide toll free telephone number? This number is to help answer questions about reentry. For help, call the TDCJ Reentry and Rehabilitation toll free number at 1-877-887-6151.

AUSTIN YELLOW BIKE PROJECT:

Earn your very own bike while learning all the basics of bicycle repair. This is a skills-based program where you volunteer 24 hours while you complete all the tasks that constitute a full overhaul on a bike to be sold by YBP; then, you get to pick your own bike and fix it up for yourself for free – excepting any new parts you may need to buy to make it complete.

No bike repair experience is necessary, but patience and an ability to work independently with minimal instruction is highly recommended. Simply stop by during any of our open hours and talk to a Coordinator to get started building the bike of your dreams.

For more information, call (512) 524-5299 or visit www.austinyellowbike.org

Austin Yellow Bike Project is located at:

When You Just Can't Wait – Convenient Care/Walk-In Services

Cuando no puede esperar – Convenientes servicios y atención sin cita

If you are experiencing an illness or minor injury that needs prompt care after-hours, we now have a walk-in clinic with expanded hours at our Hancock and William Cannon health center locations. During office hours, we ask that you first call your primary care provider to see if he or she can see you that day. If not, your provider will refer you to one of these two locations.

Some of the things we treat include:

- Cough, cold or sore throat
- Fever of flu symptoms, vomiting
- Ear infection
- Cuts, bumps and sprains
- Twisted or sprained ankle
- General wound care
- Minor skin rash
- Mild asthma
- Basic laboratory testing
- Minor procedures
- Urinary tract infections

- If you aren't sure, call us

Si está enfermo o tiene alguna lesión menor y después de horas necesita ser atendido con prontitud, el centro de salud de Hancock ahora tiene una clínica con horario extendido sin la necesidad de pedir una cita. Durante las horas de consulta, le pedimos que primero llame a su proveedor de atención primaria para ver si lo puede atender ese día. Si no puede, su proveedor lo remitirá a uno de estos dos centros.

Algunas cosas que atendemos son:

- Tos, resaca o dolor de garganta
- Fiebre, síntomas de gripe,
- vómitoInfección de oídos
- Cortes, chichones y esguinces
- Torcedura o esguince de tobillos
- Curación general de heridas
- Salpullido de la piel
- Asma leve
- Análisis de laboratorios básicos
- Procedimientos menoresInfecciones en las vías urinarias
- Si usted no está seguro, llámen
